

FOSTER & ADOPTIVE CARE COALITION

For Every Child...

A Place to Call Home

2010 at a Glance

What we do

We believe that "Every Child Deserves a Place to Call Home."

We fulfill this purpose by:

- 🏠 Finding foster/adoptive families for children in foster care
- 🏠 Supporting foster/adoptive families to ensure the time children spend in care is the best it can be

Our history

The Foster & Adoptive Care Coalition began in 1989 as an informal organization of foster care professionals seeking a solution to a common problem – finding more foster parents for the growing number of children in State custody. Today, the Coalition has 33 member agencies, is an award-winning organization, and is the most successful recruiter of foster and adoptive families in the region.

What makes us unique

The Coalition:

- 🏠 **Provides aggressive, multifaceted recruitment of adoptive families for waiting children**
We find forever families for children when all other recruitment methods have failed.
- 🏠 **Supports foster/adoptive parents**
Foster and adoptive families who participate in our programs, trainings and services have a 99% retention rate, compared to 40% nationally. These efforts help families keep their homes open to children as long as possible.
- 🏠 **Serves all foster and adoptive families**
All foster and adoptive parents, no matter where they live in the St. Louis metro area or what agency provides their training and licensing, can participate in our programs and benefit from our services.
- 🏠 **Meets needs to fill gaps**
We fill needs that other organizations do not or cannot meet. We look for gaps in state or private agency services and create programs to address those needs.
- 🏠 **Enriches the lives of children in foster care**
We provide programs, such as Little Wishes and Birthday Buddies, to make a child's time in foster care the best it can be.

"I feel normal... I'm not some foster kid anymore!"

Before 12-year-old Dierra was fortunate enough to have her case referred to Extreme Recruitment, her future looked dismal. She had come into foster care at age 7 due to extreme abuse and neglect – trauma that resulted in loneliness, depression, and negative behavior. By age 12, she had already said goodbye to her mother and siblings – as well as five different foster families. She was failing school, and her future looked bleak.

Within weeks, Dierra's Extreme Recruiter found 76 lost relatives and introduced her to some of them. Most of her relatives either did not know Dierra's situation or they did not know how to contact her. Extreme Recruitment worked one-on-one with identified relatives and helped them understand the patience and commitment it would take to raise Dierra. Just one month after moving in with cousins, Dierra made a huge turnaround; her grades not only improved, but she was also completing more challenging academic work. In her words, "Now that I'm with my family I feel normal – I'm not some foster kid anymore, I'm their kid!" Dierra is still healing from past abuse but she now has a permanent family to help her.
